

NEUROACT[®] Terms of use

Annual fee

For use of the NEUROACT program in a clinic, school, company, or equivalent, an annual program license is added, which is paid annually unless otherwise specified. The license covers, for example, NEUROACT group treatment, individual treatment sessions, school lessons based on the NEUROACT material, or use of the NEUROACT program material in the work place. The program license secures the continued development and maintenance of the NEUROACT program and the digital platform, including scientific evaluations, material development, and further adaptations.

Program License

The program license is USD 490 and is paid yearly by the clinic, school, company, or equivalent using the method unless otherwise specified. The license is thus not linked to an individual NEUROACT provider. Several providers at a clinic, school, company, or equivalent can therefore use the same license. In addition, the license allows using the method in the format that suits the clinic or the equivalent best, as long as it's used accordingly to scientific evaluations.

Exception

Non-profit organizations are exempt from the license fee.

Included in the license

The program license includes a digital platform that provides the NEUROACT manual including all work materials. Included in the license are:

- The complete NEUROACT manual including updates
- Adapted written work materials (info sheets, worksheets, homework sheets, illustrated metaphors, PowerPoint presentations)
- Adapted audio focus exercises (mindfulness and acceptance)
- Videos that clarify ACT techniques
- Interview templates for inclusion of participants
- Valid and reliable assessment instruments for evaluation
- Scientific articles, presentations and lecture material about the method
- A digital platform for 24/7 access to the material
- NEUROACT certification
- NEUROACT online group coaching once a year

NEUROACT Terms of use 2024

- Tech Support
- Expert consultation whenever necessary

Copyright

NEUROACT's copyrights are protected by law. The NEUROACT material may not be distributed, copied or otherwise misused. It is forbidden to change the content or design of the NEUROACT material, or to add or replace your own material, including audio exercises, without the permission of the rights holder. It is forbidden to give NEUROACT under any other name.

General terms

The NEUROACT subscription can be cancelled at any time. The subscription cancellation must be confirmed three months before the end of the subscription period, by sending an e-mail to info@brainproof.se.
